

• Image Watermarking

• Secret IMG Sharing

divide secret image into multiple shared shadows

• Graph NN & Graph Matching

Human movement → Skeleton graph

body parts → nodes body connections → edges

GNN

Graph → Encoder → Propagation → Aggregation

Graph Matching → compare graphs
→ calculate similar distance

• Sports Analysis through GNN

Video → Pose estimation → Skeleton coords

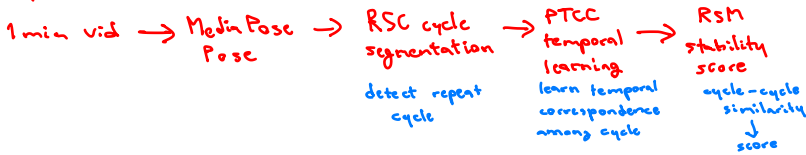

Performance measurements ← AI Analysis ←

• Posing Stability Measurements

1min rowing video → numerical stability score
